H.R. 2444 – FORT SAN GERÓNIMO PRESERVATION ACT

Dear Sirs:

The Puerto Rico State Historic Preservation Office enthusiastically supports the bill H.R. 2444 presented by Rep. Jenniffer González, Congresswoman for Puerto Rico, which seeks to establish Fort San Gerónimo del Boquerón as an affiliated area of the National Park System. The approval of the bill would enhance the on-going conservation efforts of this nationally significant resource.

Our Office is at your disposal to provide further assistance or information to help ensure the success of this bill.

Sincerely,

Carlos A. Rubio-Cancela
State Historic Preservation Officer
